New Bedford, MA 02740

Dear Mr. Baker:

Thank you for meeting with me and Sigfried Stockinger of Ebasco on August 14, 1986 concerning EPA's activities for cleaning up PCB's in New Bedford Harbor. As discussed on that date, I am forwarding you two copies of the final Project Management Plan. The Plan includes a description of the site, EPA's objectives in selecting and implementing a cleanup alternative and project schedules, tasks and budget. A Press Release announcing publication and availability of the Plan will be made shortly.

If you have any comments or questions on this matter, please feel free to call me at 617-565-3678.

Sincerely,

Frank Ciavattieri
New Bedford Project Manager
